INCORPORATION OF EL VERANO AND AGUA CALIENTE

An Open Letter to the People of the Affected District by a Large Resident Property Owner.

BY CHAS. SPINDLER.
(Continued)

Petty jealousy must be set aside when discussing this subject or considering it. The minor details such as street lighting, street cleaning and sprinkling, location of City Hall and so on, should not cloud the object.

What does it matter whether there are two postoffices under the old names? Even those people who are now receiving their mail by Rural Delivery from Sonoma (a day late) would not suffer.

And those who signed the petition to help Sonoma to Rural Delivery and not getting their mail in this fashion would have to wait for establishing Rural Routes, either from El Verano or Agua Caliente postoffices until paved sidewalks are put down and the number of running feet of this is governing the postoffice authorities. None of the existing postoffices could or would be closed up, as both are increasing and are run, so to say, on a commission basis, the postmasters being paid for stamp cancellation. A petition to the Postmaster General would be of no avail. The Federal authorities are not interested in this question and they prefer to create more postoffices instead of closing any for political reasons.

The question of railroad stations is settled by the roads, existing investments, and traffic is guiding the road officials. If Agua Caliente would incorporate as a town, it would leave the railroad officials very cool and conservative towards the question of building new depots and freight sheds and paying a depot master or agent's salary. To create an additional stop, like lately Huichica on the S. P., is not very costly and can be had, same as we shall likely see a new flag station at Boyes on the same road before next season. The railroad suffers little considering the cost of fuel for every additional stop, but the general public suffers for the convenience of a few.

While corporations, like the lately formed El Verano Development Association, are able to press and urge improvements for betterment and service of railroads, a city administration can go a step further and make demands for such necessities.

The question of a town hall and its location is also of little importance. In olden times Emperors and Kings held Court under big oaks or linden trees, and the Justice of the Peace in a young or new town could dispense justice in any of the vacant saloons or closed roadhouses, which can be had on most reasonable terms on a two-years' lease. And by then the people by public vote can have the question (where and how to build) settled to the satisfaction of the majority of the citizens, same as with a bond issue for the most urgent improvements.

The main question to be made clear is taxation, and as I have already stated, taxes will not be higher than they are now if we do not want any more done to roads and bridges than we are getting at present. Those being satisfied with bad roads, no sprinkling or lighting of streets would not suffer either, because a city government can be run more economically than a county precinct, depending upon the salary fixed by Charter and public vote, to be paid to officials, if any at all.

There are, however, questions of grave concern, which should be carefully considered by the people of the affected districts. One of these is the question of water. There are perhaps four times the amount of people in this district during summer time than in winter. During the rainy season there is plenty of water, but a shortage is bound to come during the summer months sooner or later. Our valley is known as a summer resort generally and will increase as such by cutting up the larger estates, like the Nordwell ranch. The water veins from which we are now pumping are insufficient. The deeper veins are too costly to tap for the small owner, and would, if all were pumping from these, also lower their water levels. Only strong deep-well pumps with much power would be of much use. The Lewis pond and poorly laid pipe line is no guarantee for the future.

A publicly owned water system installed with money from a bond issue is the only salvation. Neither the Supervisors nor the county could help our district, but the incorporated town could.

Fire insurance would also be reduced in consequence of high pressure hydrants, a benefit to every property-owner.

In an incorporated town the sprinkling of streets is let out to lowest bidder and is done in accordance to rules and specifications. Compare it with our present system and draw your conclusions.

To be continued.

POPULAR YOUNG COUPLE TO WED.

The Engagement of Miss Louise Weber and Grover Clarence Rubke Has Been Announced.

The engagement of Miss Louise Weber to Grover Clarence Rubke, the popular Northwestern Pacific Railroad agent at Vineburg, has been announced, and the wedding day, although not as yet set, will be in the very near future.

The young couple are very popular among the younger set in this valley. The bride-to-be is the charming daughter of Mr. and Mrs. Henry Weber of this city and a model girl.

The groom in the prospective is the son of Mr. and Mrs. Henry Rubke, pioneer residents of this valley. He is a very popular young man and as a trusted employee of the Northwestern Pacific at Vineburg, has made good.

The young couple are receiving congratulations on all sides from their many friends in this valley and they are legion.

Surprise Party.

A number of friends of Mrs. Ray Hunter tendered her a surprise party Monday evening, the occasion being her birthday.

The guests were entertained at cards and Mr. and Mrs. R. E. Lynch carried off both prizes, a pretty cut-glass bon-bon dish and a handsome. Delicious refreshments were served during the course of the evening.

Those present were Mr. and Mrs. Fred. Lowell, Mr. and Mrs. Geo. Lowell, Mrs. C. Burlingame, Jack Gottenberg, Mr. and Mrs. R. E. Lynch, Mr. and Mrs. Hanger and Mr. and Mrs. Ray Hunter.

1913 Models of the Indian Motorcycle.

Following the "14 imports and improvements" of 1912, the Hendee Mfg. Company announce no less than a dozen additional new features in their 1913 model of the Indian Motorcycle.

By far the most significant feature of the new machine is the Cradle Spring Frame. It is something entirely new, a radical departure from the conventional bicycle and recent motorcycle systems of "springing." Briefly, the new device consists of the application to the rear wheel of the Indian Cradle Spring device as used on the front fork for the past three years.

Extending back horizontally from the frame joint cluster under the saddle, flanking the rear mudguard, are two 7-leaf Chrome Vanadium steel springs. The "C" shaped curls at the rear end of these springs are connected by stays to bell cranks on which the rear axle is hung. The forward end of the rear fork has a hinge joint which enables the rear wheel to yield to imperfections of road surface. All shocks are completely absorbed by the leaf springs. The rear wheel can go through almost any vertical motion without affecting the body of the machine. There is no "bottom" to this spring device. The life of the machine is greatly increased.

The Engineering Department of the Hendee Mfg. Co. devoted 18 months of exhaustive test to the Cradle Spring Frame before finally deciding on its adoption for all models of the 1913 Indian.

In addition to the Cradle Spring Frame, the 1913 Indian embodies 10 other important improvements which will be appreciated by motorcycle riders in general. Prices remain the same as last year.

New style, single clutch rims; larger tires, wider mud guards; front and rear with larger splashers; casing for upper stretch of transmission chain and curve of sprocket; larger luggage carrier in rear, fitted to all models; foot-rests as well as pedals, fitted to regular 4 h. p. and 7 h. p. models; foot-brake lever fitted on left side now operates band brake as well as the pedal action; larger size multiple disc clutch now fitted to all models alike; improved Indian type saddle.

All 1913 Indians will be chain driven, and finished in Indian red only.

HORACE L. HILL PASSES AWAY

The Summons Came in New York One Day Last Week—Deceased Was an Uncle of Robt. P. Hill.

One by one the old pioneers of the Sonoma Valley are passing away and today but few are left of those who located here in the early fifties.

With the passing of Horace L. Hill in New York, one day last week, one more of the Argonauts has gone to that "bourne from which no traveler ever returns."

Horace L. Hill was a brother of the late Senator Wm. McPherson Hill and Humphrey Hill and an uncle of Robt. P. Hill of Eldridge. He came to California around the Horn in the pioneer days and located on the Hill ranch near Glen Ellen, now the site of the Sonoma State Home, where he lived for a number of years, later returning to New York.

The news of his uncle's death was conveyed to Robt. Hill by telegram, and came very unexpectedly.

The funeral of the deceased took place in New York city last Saturday.

Sonoma, California, November 16, 1912

As we write, the morning after, there is here in California something like jubilation among thousands of nominal Republicans over the election of a nominal Democrat to the presidency. Something of this spirit prevails throughout the country. The fact is significant. It shows in the election of Mr. Wilson the country recognizes the triumph of a principle rather than a view of the party. The circumstances of the campaign tended to minimize the platforms, to emphasize the candidacy of Mr. Roosevelt as representing a revolutionary radicalism, likewise to emphasize the candidacy of Mr. Wilson as representing the spirit of a reasonable conservatism. The election of Wilson, therefore is cause for satisfaction among those who would hold the government upon the old foundations and in respect of the old standards. It is a further cause of satisfaction because by its very magnitude Mr. Wilson's victory repudiates and rebukes pretensions founded in ambition and exploited in vanity, hypocrisy and vulgarity.—S. F. Argonaut.

Harry Brandt spent Sunday and Monday with friends in the bay city.

Mr. and Mrs. Walter Bundschu of Rhinefarn visited the metropolis Monday eve and returned Tuesday eve.

Mrs. Morris Levy of Glen Ellen was the guest of her folks, Captain and Mrs. Bo. ch Monday at their pretty home "Cypress Shades."

Harry Kizer, our local merchant, who has been suffering from a severe cold this week, has recovered and now Harry is himself again.

Monsieur Robin, the popular chef of Vineyard Villa, was shaking hands and exchanging greetings with Sonoma friends on Tuesday last.

A carload of choice Wellington coal of 25 tons arrived at Batto's Spur Sunday morning just in time to fill many orders ahead. More coming.

The Trustees of the Huichica school have had a fine flag pole erected on the play grounds and last Monday "Old Glory" was unfurled to the bright gaze of Heaven.

Jack Murray has been quite a busy man this week. He has had a number of horses ahead of us when we wanted them shod. I mean Tight, Batto's welter-weight horse.

Miss May Bos. h has been visiting friends and relatives in the bay cities for the past two weeks and in the near future may become a resident of the metropolis—may be, May.

Arthur Batto, junior member of the firm of John Batto & Sons, accompanied by his sister Mary and nephew Ernest Figone, transacted business in Petaluma Wednesday.

Jim Small was a visitor and guest of his friend Louie Rouquie at Vineyard Villa Sunday. Jim has been offered the position as Secretary of the Navy in the new Wilson cabinet but will decline on account of the position being to "wet."

El Verano and Vineburg joined hands Sunday, and two of the former town's crack wing shots, accompanied by two of Vineburg's expert shotgun men, invaded the tules to hunt for ducks. Of course they took a delicious lunch prepared by one of our fairest maids. After enjoying the fresh ozone of the tules for several hours and partaking of the dainty lunch the party returned well pleased with their hunting trip. How many ducks? Nothing doing. The ducks got on, to the chesse in the lunch before the train reached Wingo. You can't fool the little ducks.

Mrs. Panchero of Napa City, who was a guest of Mr. and Mrs. John Batto for three days this week, returned home Tuesday evening accompanied by her son Charles who has been at the spur for some time. Come again, Chauncey. The ladies will be glad to see the happy kid from Napa.

My fair but fickle assistant, Minnie Madden, has not sent in any notes this week as she promised to do. The last seen of her was down at the Poppe ranch, where she was hunting mushrooms. She caught the fever with both hands, but never mind, Minnie, "Everybody's Doin It."

Mrs. Mabel Bedrick, a guest of Vineyard Villa from the east and an expert with the kodak, has been taking some excellent pictures of this part of Sonoma Valley and Sonoma City. The lady intends to send them to friends in the eastern states. That is the proper way to boost up the Valley of the Moon.

EASY JIM.
Vineburg, Nov. 6, 1912

"The Jolly Dozen" Organize.

Tuesday evening a congenial group of young people met at the home of Rev. and Mrs. Woods for a good time. The efforts of the fun-makers were successful, so much so in fact that the would-be sleepers in neighboring houses are "on vengeance bent." It is said that the screams emitted during the progress of the young ladies bean race awakened sound sleepers in El Verano. Before dispersing, the crowd organized themselves into "The Jolly Dozen." The new club has for its object that much-to-be desired facial decoration, "the smile that wont come off." To detect members, look for the "smile." Dignified persons are not eligible to membership. The initiation code is of an exceedingly nerve-racking dignity—destroying nature, and it is designed to develop a pronounced sense of humor in those who have the temerity to face it.

The next meeting will occur Tuesday, November 26th, at Woodleaf Park, Boyes Springs. A conveyance for the benefit of the Sonoma and El Verano members will leave the plaza at 7:30 and cross the El Verano bridge at 7:45.

Cow Gives Birth to Triplets

A Holstein cow belonging to Conrad Kiser, whose farm is several miles south of town, gave birth to triplets last Friday morning. The calves are all alike as to size and color, are strong and vigorous and weigh about 50 pounds each.

Fred Durhing of Sonoma transacted business in Santa Rosa Monday.

John Serres, Jr., was an El Verano passenger for Santa Rosa Monday.

Mike Michaelson has returned from San Francisco after spending a week at that place.

A. Chelini, the coal merchant, is busy this week unloading several carloads of coal.

M. F. Mullen is having a number of loads of gravel hauled around his store here getting ready for the winter storms.

Joe Revie, an aspirant for roadmaster under Supervisor-elect Harry Weise, was around town Tuesday with a petition asking for the appointment.

Willie Meehan, middleweight boxer, has been matched by his manager, Paul Vannucchi, to box Sailor Grande in San Francisco on Friday evening the 22nd inst.

The election has at last died down. The Bull Moosers of our town have not shown around since election and although they won out over the saloons the blow of Teddy, the monarch, being defeated has stopped them from crowing.

Among those who are out for roadmaster here under new Supervisor-elect Harry Weise are Joe Revie, John Serres, Jr., Louis Mouyer, Frank Weaver and a dark horse between this town and Vineburg. We are going to make you do some talk thinking, Harry. Get it. "Easy Jim?"

Mrs. Geo. Fetter, popular proprietor and owner of Fetter's Hot Springs, will in the near future erect a handsome depot opposite her hotel. A side track will also be put in at that point which will be a great accommodation to the number of summer visitors who visit this popular resort.

John Serres, Jr. has been circulating a petition the past week for the appointment of roadmaster of this district and has a large number of signers on it, mostly property owners. Young Serres was the first one to get out a petition, and is a progressive young fellow, well thought of here, and Supervisor-elect Weise could do no better than appoint him to the job. Young Serres is outspoken about it and is not like a number of others here who want the job, but by their sneaky and secret ways are trying to slip in by knocking one another, or by the dark horse route. Stay with them, Toots.

The proposition to build a new county road from the iron bridge spanning Sonoma creek at this place to the Baines residence, as petitioned for several weeks ago, came up before the Board of Supervisors, one day this week, and further hearing of the matter was postponed to the first Monday in January. We take it that Supervisor-elect Weise will have his hands full when he assumes the duties of his office next January, and will have work a-plenty to get our bad roads in shape without building new ones and putting more taxes on our people. The public funds should be applied to repairing the old roads which the people are raising such a howl about instead of building new ones.

Our taxpayers and citizens are up in arms on account of the road-houses having been voted out of existence at the recent election. The ordinance which will put them out of commission is unjust and unfair and should be attacked in the courts. A law that puts one man out of business because he has less money than the other man is un-American, and makes our country no longer "the land of the free." The incorporated cities, as shown by the election returns, have voted to destroy and ruin the small places, evidently out of selfish motives. This will not be forgotten by the outsiders if there is ever another wet and dry election, for which a petition is already being circulated in Santa Rosa, and just as sure as another Local Option election is called the big concerns will be voted out of business, too, just as they schemed to put the little fellows out. It is claimed here that the Anti-Roadhouse Ordinance was framed up in this valley, and while the "Trouble-Maker of Sonoma Valley" suggested thirty-five rooms, a big resort keeper who depends mainly upon El Verano and its summer people to support his springs, suggested fifty rooms or no saloon. Now, what do you know about that?

Personal.

Jesse Burris, cashier of the Sonoma Valley Bank, transacted business in Santa Rosa last Tuesday night.

WEDDING BELLS IN EL VERANO SUNDAY

Mr. D. Zemon of the Z. & K. Farm Weds Miss F. Sommers of San Francisco

The wedding of David Zemon of El Verano and Miss Frannie Sommers of San Francisco was solemnized in the former place last Sunday. The ceremony was performed on the Z. & K. Farm in the presence of a large number of relatives and friends of the contracting parties from San Francisco and a number of their El Verano friends. Rev. Dr. Kaplan of the Bush-street Temple, San Francisco, officiated. The bride and groom were unattended.

The bride was attired in a white silk gown trimmed with real lace and pearls.

After the ceremony a wedding dinner was served, about seventy-five guests being seated at the table. Among those who were present from San Francisco were: Mr. and Mrs. Aaron Sommers and family, Mr. and Mrs. Herman Sommers and family, Mr. and Mrs. Julius Peters, Misses Hattie and Lena Peters, Mr. and Mrs. A. J. Peters, Mr. and Mrs. Aaron Gilbert, Mr. and Mrs. H. Sabling, Mr. and Mrs. A. Fine, Messrs. Bressman, Gilman and M. Lager, Mr. and Mrs. D. Lager, Mr. and Mr. A. Makover, Mr. and Mrs. Sam Simon, and Mrs. Shapiro.

The newly-weds, after a short honeymoon, will make their future home in El Verano.

Died—In San Francisco, Nov. 5th, 1912, Helen C. daughter of Mr. and Mrs. Chas. Ganders, aged 16 years and 4 months.

"From within the bright portals of Paradise
The Angel of death stepped in one night,
For she knew a sweet flower on earth alone,
The Angels wished to call their own,
And to Heaven above up the golden stair,
Bore the spirit of our Helen."

HAPPY THOUGHTS?

There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother, or daughter. The feelings of nervousness, the befogged mind, the ill-temper, the p. le and wrinkled face, hollow and circled eyes, result most often from these disorders peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysteria, hot-flashes or constantly returning pains and aches—are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

MRS. DICKOVER.

"I suffered greatly for a number of years and for the past three years was so bad that life was a misery to me," writes Mrs. B. F. Dickover, of Ulica, Ohio, Route 4. "The doctors told me I would have to go to a hospital before I would ever be better. A year ago this winter and spring I was worse than ever before. At each period I suffered like five months that I know something must be done, so I wrote to Dr. R. V. Pierce, telling him as nearly as I could how I suffered. He outlined a course of treatment which I followed to the letter. I took two bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery' and a fifty-cent bottle of 'Smart-Weed,' and have never suffered much since. Dr. Pierce's medicines are. There is no use wasting time and money doctoring with anything else or any one else."

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every woman, single or married ought to know. Sent free on receipt of 31 stamps to pay for wrapping and mailing only.

Exhibits of Sonoma County Products.

In the Sonoma County Court House, Santa Rosa, the Supervisors have set aside a space in the basement known as the Agricultural Room. In this space is being maintained a Sonoma County Horticultural and Agricultural Exhibit. At the present time we have a reasonably good representation of the products produced in the county. However there is room for improvement and we are very desirous of getting the manufacturers interested as well as the horticulturist and agriculturist.

There are a great many people from the outside that view the exhibit and it behooves each and every district to be properly represented in the exhibit to attract the attention of the visitor to their vicinity. As the exhibits come in from the various sections they will allow them space in the room and, ultimately, the exhibit will be so divided that one visiting the exhibit can easily identify the exhibit from any particular section.

The County of Sonoma is becoming one of the most important counties of the State of California and the promotion bodies in the County are thoroughly in accord with the idea that they cannot help any section without helping their immediate vicinity, therefore we are desirous of giving each section of Sonoma County a benefit of this exhibition of products.

In sending your exhibits, bill them to the Sonoma County Development Association, Santa Rosa, California, of which Edward H. Brown is Secretary.

Automobile and Motorcycle Notes

The Mission Garage, agents for the Indian Motorcycle, has just received word from the Hendee Manufacturing Co., that it has made many radical changes in Indians for 1913. Watch out! Our announcement containing these changes, together with the great surprise, "The Price," will soon be made.

The Hudson automobile for a lady to drive is just the thing. Starts by simply pressing a button. The Hudson six-cylinder car is conceded by experts to be the fastest thing on wheels. The stock touring car will do eighty miles an hour. Some people will say this is altogether too fast, but power means speed. The other extreme of speed is four miles an hour on the high gear. To show the flexibility of the motor the car will from a standing start get a speed of 60 miles an hour in 30 seconds. What other motor will do this without choking? This car to responsible people we will take care of for three years. Before buying a car see the Mission Garage they can save you money.
